The independent audit for the fiscal year ended June 30, 2018 was performed by BKD, Certified Public Accountants, who rendered an unmodified or “clean” opinion on the University of Kentucky Research Foundation (UKRF) Financial Statements. The financial statements are preceded by a Management’s Discussion and Analysis that provides a summary overview of the financial condition and activities of the Foundation for the fiscal year 2017-18.

The Audited Financial Statements are posted on the University Financial Services website and are also included in your Board packet.

In addition to the audit of the general purpose financial statements, BKD performed an audit of all federal funds received by the University for the fiscal year ended June 30, 2018 under the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards. The audit includes all research, instructional, public service and student financial aid grants and contracts sponsored by the federal government. A schedule of expenditures of all federal awards was tested for compliance with laws, regulations and provisions of individual grants and contracts.
