

***NOW ENROLLING* FOR THE CCTS/ORI CO-SPONSORED
Clinical Research Coordinator 101**

Registration is open through October 30, 2020

This blended-learning series is designed for clinical research coordinators, clinical research associates, or staff members who function in this capacity. This course is appropriate for entry level positions or those new to the field.

This course is free for University employees.

****PREREQUISITE: All participants must complete the following online CITI courses prior to attending CRC101: Clinical Research Coordinator (CRC) & Good Clinical Practices (GCP)**

Clinical Research Coordinator 101 consists of:

THREE 2-hour live Zoom training sessions and SIX web-based training modules.

Participants must complete all web-based training and attend all three Zoom sessions to receive credit.

The Zoom sessions will be held Monday, Wednesday, and Friday
November 2nd, 4th, and 6th, 2020 from 1:30pm to 3:30pm EST.

To register for CRC101:

- Log into **myUK**
- Select **myUK Learning** from the **Employee Self Service** tab
- Then select **“Learning”**
- Use the **“find learning”** tile to search for **“CLINICAL RESEARCH COORDINATOR 101”** and enroll.
