NIH Data Management and Sharing Plan: New Resources to Guide Implementation — 1/24

Learn about the new data management sharing plan policy from the NIH and tools to help you successfully meet the requirements. Medical librarians will be available after the presentation to answer your questions.

Tools for Data Management Planning — 2/1

Discover and engage with data management tools such as DMPTool and Open Science Framework.

SciFinder — 2/15

Learn about Scifinder, a database that contains chemical and biological resources, and how it relates to MEDLINE.

Data Management Planning for Systematic Reviews — 3/29

Learn about data management for systematic reviews including codebooks, Endnote, and SearchRxiv.

Measuring Impact (Bibliometrics) — 4/19

Learn about tools for identifying journals to publish in and using resources such as Scopus, SciVal, and Web of Science to measure your research impact.

Identifying Journals for Publication — 4/25

Learn strategies for investigating and evaluating your options when choosing a journal.
